

America and Ancient Egypt: A Typological and Symbolic Repetition

I. Cultural, Symbolic, and Political Parallels

America and Ancient Egypt share striking similarities in culture, symbolism, and governance:

1. Sacred Iconography

- The American Eagle is a direct parallel to Horus, the Falcon-headed god, symbolizing divine kingship and watchful power.
- Just as the Eye of Horus represented protection and insight in Egypt, the Eye on the U.S. Dollar (the Eye of Providence) serves a similar mystical function.
- The Washington Monument mirrors the Egyptian Obelisk, traditionally representing the Benben Stone, linked to the resurrection of Osiris.

2. Theocracy and Elite Control

- Egyptian Pharaohs ruled as divine kings, claiming direct mandate from the gods.
- Similarly, America's elites claim divine or hidden wisdom, functioning as a secretive priesthood shaping civilization through occulted knowledge.

3. Monumental Labor and Enslavement

- Ancient Hebrews were enslaved to build Pharaoh's temples and tombs, particularly for Seti I and Ramses II.
- Modern corporations and governments enslave populations economically and digitally, constructing a technocratic control grid reminiscent of ancient theocratic rule.

II. The Aeon of the Child and the Repeating Exodus Cycle

Aleister Crowley spoke of "The Aeon of the Child", an age ruled by Horus. He foresaw infantilization of society, where people regress into mindless obedience, akin to the Israelites in Egypt:

1. Wisdom 12:24-25 and the Foolish Infants

The Book of Wisdom describes how the Egyptians were mocked by God for worshipping animals and idols, being deceived like foolish children:

"They went far astray on the Paths Of Error, accepting those Animals as Gods that even their Enemies despised; they were deceived like Foolish Infants." (Wisdom 12:24)

- This mirrors today's obsession with celebrity, virtual reality, and idolatry.
- Just as Pharaoh's court embraced deception, modern elites manipulate populations into blind servitude.

2.Crowley's Prophecy Fulfilled: Society Acts Like Children

- Crowley foresaw that modern society would regress into childishness, controlled by elite forces.
- Pharaoh Ramses II kept the Hebrews in bondage, refusing to acknowledge God, just as today's elites use mind control, media, and social engineering to trap people in spiritual slavery.

3.Theosophical Society and the New Egyptian Race

- Theosophy teaches that humanity is entering a new spiritual evolution, just as Crowley claimed Horus now rules the age.
- However, instead of true enlightenment, elites exploit this transition, just as Pharaoh used the Hebrews to build his empire.

III. Pharaoh Seti I, Ramses II, and The Temple of Amun-Ra

Pharaoh Seti I and Ramses II enslaved the Hebrews to build:

1.The Temple of Seti I (Dedicated to Amun-Ra)

- Amun-Ra, a fusion of Amun (hidden god) and Ra (sun god), became the chief deity of Egyptian imperial power.
- However, Amun-Ra has been associated with Lucifer/Satan, as a god of hidden wisdom, power, and domination.

2.The Osirieon and the Resurrection of Osiris/Gilgamesh/Nimrod

- The Osirieon was built to resurrect Osiris, but Osiris is linked to Gilgamesh, the ancient king of Babylon.
- Gilgamesh is Nimrod from Genesis 11, the architect of the Tower of Babel—the ultimate symbol of defying God and enslaving humanity.
- Just as Pharaoh tried to resurrect Gilgamesh in the Osirieon, modern elites seek the body of Gilgamesh today.

IV. The Luciferian Elites and the Modern Osirieon Project

The Luciferian Elite's modern agenda mirrors that of Pharaoh:

1.The Gilgamesh Resurrection Project (Iraq War 2003)

- Reports indicate that the body of Gilgamesh was found in Iraq, leading to covert military operations to seize it.

- The Osirion was an ancient resurrection chamber, and now elites seek to use modern technology for the same goal.

2.The Aeon of the Child and Global Enslavement

- Just as Ramses II used Hebrews to build his empire, today’s elites use digital surveillance, AI, and mind control to enslave humanity.
 - Like Pharaoh’s magicians, they use occult rituals and hidden knowledge to deceive the world.
-

V. Prophetic Typology: The Exodus and the Red Sea Crossing

According to Johnny Enlow’s prophecies, we are in a typological repetition of the Exodus story:

1.Entering the Aeon of Goshen

- Goshen was the land where Joseph ruled, while Egypt suffered under plagues.
- Today, the Church is becoming like Joseph, governing nations and preserving righteousness.

2.Joseph, Daniel, and Mordecai as Viziers

Figure	Persecution	Exaltation	Role in Nation
Joseph	Thrown into a pit and imprisoned	Became Vizier of Egypt	Saved Egypt from famine
Daniel	Thrown into the lions’ den	Became Vizier of Babylon	Interpreted dreams, influenced kings
Mordecai	Targeted for execution by Haman	Became Vizier of Persia	Saved the Jews from destruction

- This pattern repeats: persecution leads to elevation.
 - Today’s remnant believers will be positioned as rulers and saviors during tribulation.
-

VI. Bel and The Dragon: The Destruction of Gilgamesh and the Luciferian Priesthood

The biblical Book of Daniel exposes false worship and elite deception:

1.Bel and the Dragon as Symbols of Modern Occultism

- Daniel destroyed the idol of Bel (Marduk/Gilgamesh), revealing the deception of the priests.

- He slayed the Dragon, representing Satan and the false system of worship.
- 2.Luciferian Elites as the Priests of Bel
- Just as Daniel exposed and executed the false priests, today's elite priesthood operates in secrecy, controlling finance, religion, and technology.
-

VII. The Two Dragons: Mordecai's Dream and Merlin's Prophecy

1.Mordecai's Dream (Book of Esther 11:5-12)

- Two great dragons fought against each other, symbolizing spiritual warfare.
- A great cry rose from the people, and a small nation (Israel) was saved.

2.Merlin's Prophecy of the Two Dragons

- The Red Dragon and the White Dragon fought, symbolizing the battle of rulers.
- Eventually, the rightful king was restored.

3.Modern Parallels: A Battle Between Two Powers

- The Luciferian Elite (Bel/Gilgamesh/Nimrod) vs. The Remnant of God.
 - Just as God overthrew Pharaoh, so will He overthrow the modern Babylonian system.
-

Conclusion: A Final Exodus Awaits

The ancient battle between Pharaoh and Moses, between God's people and the Luciferian Elite, is repeating in our time.

- Just as Pharaoh tried to resurrect Gilgamesh, today's elite seek to recreate the Osirion Resurrection Chamber.
- The Church is entering the Aeon of Goshen, mirroring Joseph's rise to power.
- The final confrontation will mirror Daniel, Esther, and the Red Sea Crossing, where the enemies of God will be destroyed.

This is a prophetic Exodus, a final escape from spiritual Egypt into the Kingdom of God.
