

The Sibylline Oracles, The Antichrist & Pompeii

In the Tiburtine Sibyl Prophecy, the Sibyl Prophesied that the Antichrist would come right after “Constans” which is either Constantine or his Son who was literally named “Constans”.

The Tiburtine Sibyl is an Apocalyptic Text about the Triumph of the Christian Roman Empire.

This specific Sibyl (Hellenistic Female Prophetess) was Daughter of the Trojan King Priam who was brought to Rome and gives this Vision to the Roman Senate.

The Prophecy Predicts the coming of a Final Roman Emperor named “Constans”, who will bring about a period of Peace and Wealth, end Paganism, and who will Convert the Jews.

“Then there will arise a king of the Greeks by the name of Constans, and he will be king of the Romans and of the Greeks. And he will be great in stature and handsome in appearance, splendid in the face and well put together in every single feature of his members. And his kingdom will end after 112 years. In those days there will be great riches and the land will give fruit abundantly, such that a measure of wheat will be sold for one denarius, a measure of wine for two denarii, and a measure of oil for one denarius. And that same king will have writing before his eyes saying: ‘King of the Romans, you will conquer for yourself all the kingdom of the Christians.’ He will lay waste all the islands and the cities of the pagans and destroy all the temples of the idols and he will gather all the pagans for baptism and the cross of Jesus Christ will be erected throughout all the temples.

Then Egypt and Ethiopia will come to give his hand to God. He who will not have adored the cross of Jesus Christ will be punished and when 120 years have been completed, the Jews will be converted to the Lord and his will be [regarded as] glorious to all. In those days Judah will be saved and Israel will live in confidence. In that time a prince of iniquity, who will be called Antichrist, will rise up from the tribe of Dan. He will be a son of perdition, the head of pride, the master of error, the fullness of malice, who will subvert the earth and will do prodigies and great signs by means of false simulations. He will delude many through the art of magic so that fire will seem to descend from heaven. And the years will be reduced as if they were months, and the months as if weeks, and the weeks as if days, and the days like hours, and the hours like points. And the foul peoples, that is, Gog and Magog, which Alexander as king of India enclosed, will rise up from the north. These are the 22 kingdoms, whose number is like the sand of the sea.

When the king of the Romans shall have heard of this, assembling his army he will attack them and lay them low to the point of annihilation and afterward he will come to Jerusalem and, with his diadem and all of his royal regalia deposited there, he will surrender the kingdom of the Christians to God the Father and to Jesus Christ, his Son. And when the empire of the Romans shall have ceased, then Antichrist will be clearly revealed and he will sit in the house of the Lord in Jerusalem. With him ruling, the two most excellent men Elijah and Enoch will come forth to announce the coming of the Lord and Antichrist will kill them, and after three days they will be resurrected by the Lord. Then there will be a great persecution, the likes of which never happened before or since. But the Lord will shorten

those days on account of the elect and Antichrist will be killed by the power of the Lord, by the Archangel Michael in the Mount of Olives.”—The Tiburtine Sibyl.

The Early Church Father Lactantius also found interest in the Tiburtine Sibyl...

“The Tiburtine Sibyl, by name Albunea, is worshiped at Tibur as a goddess, near the banks of the Anio, in which stream her image is said to have been found, holding a book in her hand. Her oracular responses the Senate transferred into the capitol.”—The Divine Institutes I:VI.

The Sibylline Oracles, which are Centuries older than the Tiburtine Sibyl Prophecy (Which is different than the Sibylline Oracles.) literally Predicted Mount Vesuvius's most Famous Eruption in 79 A.D., which is one of the most deadly Volcanic Eruptions in all of World History when it buried the Roman Cities of Pompeii and Herculaneum under Ash and Rock!

“Fire shall come Flashing forth in the Broad Heaven and many Cities shall Burn and Men shall Destroy.

And many Black Ashes shall fill the Great Sky and Small Drops like Red Earth shall fall from Heaven and then know the Wrath of The God Of Heaven because they without reason they shall destroy the Nation of the Pious!”—The Sibylline Oracles: Book IV: Lines: 170-176.

The Eruption began in August 79 A.D. after Years of Earthquakes that inflated the Volcano's Magma Chamber.

The Eruption lasted for 12 Hours, and included a Rain of Fine Ash, Coarse Pumice, and Hot Avalanches of Rock, Ash, and Gases.

This Ancient Eruption released 100,000 times more Thermal Energy than the Atomic Bombings of Hiroshima and Nagasaki!

The Eruption destroyed Pompeii, Herculaneum, Stabiae, Oplontis, and other nearby Settlements.

It killed more than 1,000 People, though the exact number is still unknown to this Day!

The Eruption's Aftermath also led to the creation of Vesuvius National Park and a UNESCO World Heritage Site.

Vesuvius has Erupted many times since 79 A.D, including in 1631 and 1944.

What's interesting though is that the Sibylline Oracles declare the 79 A.D. Eruption of Mount Vesuvius to be Divine Judgment from God, which is different than most takes on it.
